TO WHOM IT MAY CONCERN:

Peak Building Services has been doing the building maintenance at Branson School this year. We replaced another group and have been extremely satisfied with Peak. Manuel Gomez and Hank Cavalier are a good team. They present a good program and the follow up with their technicians is very good. This kind of relationship requires good communication so that areas requiring improvement are indicated and responded to. This process is well managed by Peak. As a local company they are very responsive to exigent needs.

Manuel and Hank presented us with their "green cleaning" program which we utilize and find it very satisfactory.

Please feel free to contact me with any questions. I recommend Manuel and Hank without reservation.
